# 1. Результаты обучения, регламентированные ФГОС СОО и с учетом примерной основной образовательной программой среднего общего образования (ПООП СОО)

Контрольно-измерительные материалы (далее – КИМ) по общеобразовательной дисциплине ОУД.04 Иностранный язык разработан на основе требований ФГОС СОО, с учетом профессиональной направленности программ среднего профессионального образования, реализуемых на базе основного общего образования.

Основная цель создания КИМ — унификация и стандартизация требований к результатам обучения студентов по направлению «социально-экономический профиль» и совершенствование содержания общеобразовательной дисциплины для формирования умений и знаний.

Профессиональный компонент КИМ отражен в заданиях на перевод и носит научно-популярный характер и может быть применен и использован для тестирования студентов по всем УГПС.

Содержание общеобразовательной дисциплины ОУД.04 Иностранный язык (базовый уровень) направлено на достижение всех личностных (ЛР, ЛРв), метапредметных (МР) и предметных (ПРб) результатов обучения, регламентированных ФГОС СОО и с учетом примерной основной образовательной программы среднего общего образования (далее – ПООП СОО).

# 2.4. Критерии оценивания тестов

Каждый правильный ответ в тесте приравнивается к одному баллу, если не указана иная шкала. Баллы суммируются и вычисляется процентное соотношение количества правильных ответов. Далее процентное соотношение переводится в балл количественной оценки.

# Таблица перевода количества правильных ответов в тестировании в баллы

# 2.5. Критерии оценивания заданий по переводу

Объем перевода:

Уровень В1 1100-1200 п.з. за 30 минут. Перевод со словарем.

Уровень А2 900-1100 п.з. за 30 минут. Перевод со словарем.

Уровень А1 500 - 700 п.з. за 30 минут. Перевод со словарем.

Оценка (балл)	Критерии
9-10 (5)	Перевод выполнен в полном объеме и в соответствии с общими критериями адекватности и эквивалентности. Полное соответствие стилистическим нормам и узусу языка перевода. Допущены 2 ошибки в лексико-грамматических трансформациях при переводе
7-8 (4)	Перевод выполнен, в целом, в соответствии с общими критериями адекватности и эквивалентности. Допущены 3-4 ошибки, снижающие качество текста перевода из-за отклонения от стилистических, лексико-синтаксических норм языка перевода или, когда 10% текста не переведено за отведенное время
4-6 (3)	При переводе допущены 5-6 ошибок значительно снижающие качество текста перевода из-за отклонения от стилистических, лексико-синтаксических норм языка перевода или, когда 20% текста не переведено за отведенное время
1-3 (2)	Перевод не соответствует критериям адекватности и эквивалентности или более 30% текста не переведено за отведенное время

# 2.6. Критерии оценивания формальной и неформальной дискуссии

Оценивание производится по нескольким параметрам, в соответствии со шкалой CEFR для данного уровня. Общая оценка рассчитывается как среднее арифметическое по каждому критерию.

Пример:

	Интерактивная ком- муникация	Языковое оформление высказывания	Итого
Студент 1	9	7	8
Студент 2	3	5	4

Балл	Интерактивная коммуникация	Языковое оформление высказывания
9-10 (5)	В целом следит за тем, что говорится, хотя иногда может просить повторить или уточнить, если обсуждение быстрое или продолжительное. Объясняет, почему что-то является проблемой, обсуждает, что делать дальше, а также может сравнить и противопоставить альтернативы. Дает краткие комментарии по поводу мнений других людей.	Используемый словарный запас, грамматические структуры, фонетическое оформление высказывания соответствуют поставленной задаче, есть незначительные лексико-грамматические ошибки, которые не мешают пониманию высказывания, интонация и произношение в целом, не мешает пониманию. Используются разнообразные средства логической

		связи.
7-8 (4)	Большую часть дискуссии следит за тем, что говорится, и, при необходимости, может попросить повторить часть того, что кто-то сказал, чтобы подтвердить взаимопонимание. Даёт понять свое мнение и реакцию относительно возможных решений или вопроса о том, что делать дальше, приводя краткие причины и объяснения. Предлагает другим высказать свое мнение о том, как действовать дальше.	Используемый словарный запас, грамматические структуры, фонетическое оформление высказывания соответствуют поставленной задаче, допускаются лексико-грамматические и фонетические ошибки, не влияющие на понимание. Используются средства логической связи.
5-6 (3)	Понимает достаточно, чтобы участвовать в обсуждении простых рутинных задач без излишних усилий, очень просто требуя повторения, когда не понимает. Может обсуждать, что делать дальше, вносить предложения и отвечать на них, а также спрашивать и давать указания.	Используемый словарный запас, грамматические структуры, фонетическое оформление высказывания в основном соответствуют поставленной задаче. Используются базовые средства логической связи.
3-4 (2)	Демонстрирует понимание и дает понимание, когда не понимает нить обсуждения. Общаться на тему простых рутинных задач, используя простые фразы, чтобы просить и предоставлять вещи, получать простую информацию и обсуждать, что делать дальше.	Языковое оформление частично соответствует поставленной задаче есть фонетические и лексико-грамматические ошибки, мешающие пониманию высказывания. Редко используются базовые средства логической связи.
1-2 (1)	Понимает вопросы и инструкции, адресованные им тщательно и медленно, и следовать коротким, простым указаниям. Действует по основным инструкциям, которые включают время, местоположение, номера и т.д. Может просить людей о чем-то и давать им что-то.	Понимание высказывания затруднено изза многочисленных ошибок или ответ носит характер набора слов.

The famous Trans-Siberian railway line goes from Moscow to Vladivostok, but there's another railway line about 650 kilometres north of the Trans-Siberian. This is the Baikal-Amur Mainline (BAM). A special train, the *Matvei Mudrov* medical train, travels along its 4,000 kilometres. There are usually between twelve and fifteen doctors on the train. The train stops for a day at places along the BAM. The people who live in small towns and villages come to the train for medical attention. There are no doctors or hospitals in their towns or villages. For these patients, their health centre is on the train.

The *Matvei Mudrov* was named after a Russian doctor in the nineteenth century. Nowadays, the *Matvei Mudrov* visits each town or village on the BAM twice a year. In the village of Khani (population 742), the patients include a man with two broken ankles and a teenage girl. She had appendicitis a month ago and she was lucky to travel to a town three hours away for an operation. The *Matvei Mudrov* doesn't have any equipment to do operations. The doctors can diagnose their patients' medical problems and recommend treatment and medicines. The train has a laboratory for blood and urine tests and a number of medical testing machines. The patients like the doctors on the train. They say they are honest and good at their jobs.

Next stop is a town called Berkakit. About 4,000 people live here. There is a queue to see the doctors. Mikhail Zdanovich is waiting for his turn. He's 61 years old and he came to Berkakit in 1976. At the time, only about a hundred young people lived in Berkakit. It was a new town. Zdanovich met a woman who worked at the town bakery. They married and stayed in the town. When Zdanovich walks into the doctor's office she says 'Oh, Mikhail, I recognised your voice.' He has a problem in his shoulder. The doctor writes a letter to say that he can't work, he must have an operation. He leaves, happy, and then he returns a few minutes later. He brings freshly cooked pies and some goat's milk.

For the people who live in this remote part of Russia, the *Matvei Mudrov* is more than a medical train. It's a social connection to the community of their country.

Read the text. Put the events below in order.

Heat, cold, mountains, deserts, illness, and animals. All of these were possible dangers when Nick Bourne decided to run from one end of Africa to the other - a journey that many people thought was impossible.

Bourne began his run in northern Egypt in October 1997. His adventure nearly ended 500 miles later while he was waiting to cross the Sudanese border - the Egyptian military stopped him and refused to let him leave the country.

Eventually, he flew to Cape Town and started again on 21 January 1998. Every day he got up at 3.30 a m., ate a breakfast of cereal, and started running. After 20 miles he stopped for a rest and had a pasta lunch, before running another 20 miles. He drank up to 15 litres of liquid a day.

He had some incredible experiences. He was crossing the Kalahari Desert in temperatures of 62°C when he came face to face with a giant cobra. In Zambia his heartbeat went up from 135 a minute to over 190, and his doctor found that he had malaria. He saw lions and ran through

a herd of elephants, and a swarm of bees attacked him while he was running through Tanzania. He celebrated his 28th birthday with a chocolate cake in the shadow of Kilimanjaro.

After eleven months and 6,021 miles he arrived at the Pyramids and finished perhaps the most amazing run ever.

20 miles = 32 kilometres

- A. He saw a snake.
- B. He decided to start from South Africa.
- C. He started for the first time.

Task 1. Put the article *the* in front of the geographical names on the map where it is necessary.

Task 2. Read the text below and fill the spaces in the table with the information from the text.

The Yeoman Warders were formed by King Henry VIII. In 1509 the King decided to leave twelve of his old and sick Yeomen of the Guard in the Tower of London to protect it. Their main duty was to look after the Tower prisoners, and safeguard the British crown jewels.

Nowadays there are still twelve Yeomen Warders at work every day. (All in all, there are 35 of them). They are still nicknamed "Beefeaters" but their duties have certainly changed. They act as tour guides and raven-keepers. They carefully look after the famous ravens, feed them and cut their wings. There is a legend that the Tower will fall if the ravens fly away. The Beefeater's most famous duty is to take part in the night ceremony of passing the Tower Keys. For everyday duties Yeomen Warders wear a red and dark blue uniform with a round hat, while on holidays they wear a state dress uniform which is red and gold, the same as the Yeomen of the Guard, but without a cross belt. In these uniforms the Beefeaters can be called one of the most interesting sights of London.

Task 2. Read questions 1-6 and find answers to them in texts A-G. One text is odd. Where can a visitor to London

- 1. see beautiful English lawns and enjoy flowers?
- 2. open a bank's account or withdraw money from it?
- 3. see a masterpiece of the famous English architect of the 17<sup>th</sup> century?
- 4. buy souvenirs or visit the largest London department stores?

A.

The historical center of London is now a relatively small area still known as the City, which covers only about 1 sq mile. Most of the financial activities are crowded along Threadneedle Street, near the intersection known as the Bank, which includes the huge Bank of England complex, the Royal Exchange, and the Stock Exchange. The permanent residential population of the City is now less than 6000, but about 350,000 commute here daily to work.

В.

Located just west of Soho and Covent Garden in the West End is a more residential area. The relatively dense development of this area is broken up by a series of Royal Parks, areas once owned by the Crown, including Hyde Park, Kensington Gardens, and Regent's Park.

C.

The most prominent landmark of the City is Saint Paul's Cathedral, designed by the English architect Christopher Wren to replace the original church, which was destroyed during the Great Fire of London in 1666.

D.

Some of the City's traditional functions have disappeared. The newspaper industry was concentrated in the Fleet Street area for centuries, but during the 1980s the Times and other papers moved to highly automated quarters at the Docklands in the East End. The old wholesale fish

market, Billingsgate, located for centuries on the river between the Tower and London Bridge, also moved to the Docklands.

E.

The City of Westminster, about two miles upstream from the city of London, emerged as England's political and religious centre of power after the 11<sup>th</sup> century. At the heart of Westminster is Westminster Abbey, begun by Edward the Confessor in the 11<sup>th</sup> century and rebuilt in the 13<sup>th</sup> century. It has always been closely associated with the monarchy and is used for such state occasions as coronations and royal funerals. It is also a giant mausoleum, and more than 3000 notable people are buried there. Statues and monuments line the magnificent nave.

F.

Virtually across the street are the Houses of Parliament, officially called the New Palace of Westminster. Farther west is the monarch's permanent residence in London, Buckingham Palace.

G.

To the west and north of Trafalgar Square is the West End, which is usually regarded as the centre of town because it is London's shopping and entertainment hub. The busiest shopping area is Oxford Street, where such large department stores as Selfridges, John Lewis, and Marks and Spencer are located. Other well-known shopping areas include Knightsbridge, the location of Harrods department store; and Piccadilly, where Fortnum and Mason specializes in fine food.

**Task 1**. The State Hermitage; 2. Ostankino Tower; 3. Lake Baikal; 4. Mount Elbrus; 5. Peterhof; 6. Red Square; 7. The Bolshoi Theatre; 8 The Kremlin.

Task 2. A8, B1, C2, D5, E6, F4

#### **B1**

Match the titles 1 — 8 with the texts A — G. There is one odd title.

- 1. Local legends
- 2. Special in many ways
- 3. Tourist attraction
- 4. Diverse wildlife
- 5. Protection of the ecosystem
- 6. Extinct species
- 7. Scientific expeditions
- 8. Harsh climate
- **A.** The world's deepest lake, the Baikal, is in Siberia. It is also the largest freshwater lake in Eurasia and the oldest lake on the Earth. At least 1,500 unique species live there they cannot be found anywhere else on the planet! The water in the lake is so clear that if you drop a coin, it can be clearly seen a hundred feet below the water.
- **B.** People who live in the Baikal region believe that it's a unique and mysterious place. According to them, the water from Lake Baikal can cure different illnesses, gives you strength and clears your mind. They also say that the lake was formed millions of years ago when a huge, hot rock fell to earth. It melted the ice around and that was how Lake Baikal appeared. The story about the meteorite has, however, never been proved by scientists.
- **C.** The lake has also become famous for its unique fish and birds that are not found in other waters. The lake is home to more than 1000 animal species. Among them there are the world's only freshwater seals. There's no evidence of how the seals got to the lake, but they obviously enjoy their life there. Huge brown bears often come to the lake out of the forest to hunt and fish.
- **D.** Though Lake Baikal is located in a very remote place, and is difficult to reach in autumn and winter, it attracts thousands of visitors every year. A chance to see this unique place is worth the long journey! On the banks of Lake Baikal, you can stay in a modern, comfortable hotel, take part in hiking tours and enjoy the untouched natural beauty. People who have visited Lake Baikal once want to return to the place again and again.
- **E.** However, the growing popularity of the lake and the industrial development of the region have caused ecological problems. The safety of this unique natural ecosystem has been discussed at an international level. Now Lake Baikal is on the list of heritage sites protected by UNESCO. A federal state law about the conservation of the lake was also supported in Russia.
- **F.** The lake attracts not only tourists but also many wildlife researchers, biologists and even archaeologists. The world-famous explorer and scientist, Jacques Cousteau, and his team spent lots of time studying the deep waters of Lake Baikal. They also shot a film about their research

that was broadcast by major TV channels all over the world.

**G.** Everyone considers the Siberian climate very severe, which is perfectly true for the Baikal region. The winters there are really freezing - the average temperature is as low as -25 degrees Celsius. Due to its location in the middle of the continent, the place is characterized by a sharp contrast between winter and summer temperatures. The summers are generally cool, with a few hot days. The sun shines brightly above the lake till late autumn.

The study of organizational behavior had its primary origins in industrial and social psychology. Researchers of organizational behavior typically concentrate on individual and group behaviors in organizations, analyzing motivation, work satisfaction, leadership, work-group dynamics, and the attitudes and behaviors of the members of organizations. Organization theory, on the other hand, is based more in sociology. It focuses on topics that concern the organization as a whole, such as organizational environments, goals and effectiveness, strategy and decision making, change and innovation, and structure and design. Some writers treat organizational behavior as a subfield of organization theory. The distinction is primarily a matter of specialization among researchers; it is reflected in the relative emphasis each topic receives in specific textbooks and in divisions of professional associations.

Organization theory and organizational behavior are covered in every reputable, accredited program of business administration, public administration, educational administration, or other form of administration, because they are considered relevant to management.

#### Sample Answer

Изучение организационного поведения берет свое начало в промышленной и социальной психологии. Исследователи организационного поведения обычно сосредотачиваются на индивидуальном и групповом поведении в организациях, анализируя мотивацию, удовлетворенность работой, лидерство, динамику рабочей группы, а также отношения и поведение членов организаций. Теория организации, с другой стороны, основана больше на социологии. Основное внимание уделяется темам, которые касаются организации в целом, таким как организационная среда, цели и эффективность, стратегия и принятие решений, изменения и инновации, а также структура и дизайн. Некоторые авторы рассмат-

ривают организационное поведение как раздел организационной теории. (для A1) Различие в первую очередь связано со специализацией исследователей; это находит свое отражение в том относительном внимании, которое уделяется каждой теме в конкретных учебниках и в подразделениях профессиональных ассоциаций.

Теория организации и организационное поведение рассматриваются во всех авторитетных, аккредитованных программах делового администрирования, государственного управления, управления образованием или других формах управления, поскольку они считаются относящимися к менеджменту. (для A2) Термин «менеджмент» используется в самых разных смыслах, и изучение этой области включает использование источников, выходящих за рамки типичных академических исследований, таких как правительственные отчеты, книги по прикладному менеджменту и наблюдения практикующих менеджеров за их работой. В то время как многие элементы играют решающую роль в эффективном управлении — финансы, информационные системы, запасы, закупки, производственные процессы и другие, — эта книга сосредоточена на организационном поведении и теории. Looking for love

Looking for Love is an agency that finds partners for single people of any age. Read about Lisa.

My name's Lisa. I'm 25 years old and I'm from Manchester. I'm single and I'm looking for love.

I'm a journalist on a local newspaper, which means I write stories about local issues and sometimes I interview politicians. I like my job, but I'd like to work on a national newspaper one day. That's because I want to have the opportunity to work abroad.

I have a small group of friends who I've known for years. I even went to school with some of them! I'm not really extrovert but I do like going out and having fun. We usually go out to parties, nightclubs, and restaurants. I also like cooking and I make great pasta! My ideal night in is a good meal, a glass of wine, and a DVD. I like thrillers much more than I like romantic comedies!

I'm not very sporty, but I like to keep fit. I stopped smoking last year and now I go running twice a week and I sometimes go to the gym at weekends. I eat lots of fruit and vegetables and I try not to have red meat or too much coffee. At work, I drink water or tea.

I prefer men who are interested in serious issues because I like talking about politics and what's happening in the world. However, I also like men with a good sense of humour. These characteristics are more important to me than physical appearance.

Please contact Looking for Love if you think you're the kind of person I'm looking for!

Listening script for (task 4)

Last September my boyfriend and I went on holiday to Thailand. It was a disaster. The flight arrived in Bangkok nine hours late. There we were at eleven o'clock at night, and we didn't have anywhere to stay and we didn't know how to get into the city centre. So, we stayed at the airport hotel, which was very comfortable but really expensive.

The next day, we wanted to take a train south to the islands. But we couldn't because we couldn't book any seats. The trains were full. So, in the end, we went by bus and by boat. It was cheaper but it took a lot longer. And when we got to the island we wanted to get to, we couldn't believe it! Where was the sun? It was raining really heavily. And the weather was windy and wet for days. It was awful. We went to restaurants and we went shopping, but we didn't spend any time on the beach. We couldn't sunbathe or go swimming, so we just argued for a week...

We interviewed three people about how family and friends have affected their personalities. Maria Stanovich

I've always had a strong relationship with my family. An important influence on my personality was my grandmother, Hannah. She was born in 1930 into a poor family with seven children – they had to take very good care of each other in order to survive. Growing up in such difficult conditions had a positive effect on her, teaching her to share everything, be honest, helpful, hard-working, and affectionate. My grandmother taught me all these things, making me realize that family is more important than material possessions.

Katie Dupont

The people around you have the greatest influence on your life – they affect the way you behave and think. As soon as Rob and I met, we connected. When Rob was young, his father died in a motorcycle accident. Being brought up as an only child by a single parent made him independent and ambitious. He left home at 16, and since then has lived in different places and had various jobs. He's taught me that it's important to find time for friends and family and to do what makes you happy. He always has fun, trying new things, keeping his mind and body healthy, and he still works hard to achieve his goals. I greatly admire Rob and I hope that one day I can look at life in the way that he does.

Jed Mitchell

I spent many hours as a child listening to my uncle Wilson's stories. He was the youngest of 11 children whose family lived in a fishing town in Scotland. Life was hard and with so many mouths to feed, the children began working from an early age. At just 14, my uncle began his first job as a fisherman. That was the beginning of his adventures – he travelled and worked in Alaska, South-East Asia, India, and Africa. He educated himself, learnt to be a chef, an engineer, a farmer, and photographer. Uncle Wilson taught me that life is special and that you should take every opportunity that you can to fill it with adventure.

How I got my dream job
Are you still looking for your dream job? Don't give up. Here's how three people achieved their goals.
Mario Mendes, 29 –
I'm doing something I really enjoy. I'm part of a team that develops new technologies. I work
with intelligent, interesting people and occasionally get to travel abroad. I won't pretend it was easy getting
my dream job, but it was worth the effort. My advice? Decide exactly what your dream job is and what it
involves. Learn about the job. Make contact with companies that could
offer your chosen career. Make sure they know your strengths. You may just get that dream job.
Andy Collins, 46 –

As a student, I earned \$295 a week in cash working in a beach café. At the time, it was my dream job! Later I became a chef. It was hard work, I was often in a hot kitchen for twelve hours a day, six days a week. But you have to know the meaning of hard work if you want to achieve your goals. I now own five restaurants around the U.S. My best advice is to find out what your skills and talents are. Talent is something you're born with. Skills are something you've learned to do. People like doing things that come naturally to them, so work and enjoy!

Sarah Cooper, 38 -

I'd been working as a secretary for three years when I decided to change my career. My work was often boring and always busy. I started studying to become a teacher. It certainly wasn't easy; I continued working full-time to pay for my training at night school. I was exhausted most of the time, but after two years, I finally got my qualifications and resigned. I'm now a primary school teacher and it's as good as I imagined. So don't wait! Write a list of the things that are stopping you from getting your dream job. Make a plan to deal with each thing. There's always an answer.

Example: Mario is
A very interesting B self-employed C very happy with his job ✓
1 Mario sometimes

2 Mario thinks he got his dream job because
A he's intelligent B it was easy C he did a lot of preparation

Task 5. Sample answer

Dear Max,

Thanks for your letter. My family is quite common. My mum Lilia works as an engineer at a factory. She's calm and never loses her temper. I suppose it helps her to deal with my father Vitaly, who is rather active. He's a shop assistant and makes good money. They both leave home early in the morning, do their everyday work which I find boring, and come home to spend time with me)

To tell you the truth, I'm not going to become either a shop assistant or an engineer. You remember I'm good at cooking, so I'm thinking about starting my own restaurant one day. But first I need to take a course in cooking.

Have you decided what to do in the future?

Best wishes,

Tamara

#### The frozen extremes of the earth

The Arctic in the north and the Antarctic in the south are at opposite ends of the planet, but they are similar in many ways. Both are lands of ice and snow, where the temperature in winter can be so low that your skin can freeze in seconds – it can be as low as  $-80^{\circ}$ C. Very few animals are able to survive these conditions, but there are some both in the north and in the south. The Arctic has more plants and animals than the Antarctic, including polar bears, the largest bear in the world. In the south there are no land animals because of the extreme cold, but there are penguins and other sea animals that live on or near the coast – although both in the north and the south the sea is frozen for much of the year.

One difference between the Arctic and the Antarctic is the human population. In parts of the Arctic there are towns and villages. Greenland, for example, the largest island in the world, has a population of 55,000 people. Many of these people work in fishing. They have a difficult life. There aren't many roads between towns and villages, so people travel by snowmobile or with dogs. From November to January, it's dark for 24 hours a day, but from May to July there are 24 hours of daylight.

In the Antarctic there are no normal towns and villages. Only scientists live there all year round, in special buildings called 'stations. They study the sea animals and learn about the history of the world's climate by studying the weather and the ice. It's a hard place to live, especially in winter, but many of them love it there and return again and again.

Example: The Antarctic is the coldest place in the world.

A True B False C Doesn't say V

- 1 There aren't any animals in the Antarctic.
- 2 No people live in the Antarctic.
- 3 There aren't any towns in the Antarctic.
- 4 It is usually -80°C in the Antarctic.
- 5 The sea in the Antarctic is usually frozen.
- 6 There aren't any sea animals in the Arctic.
- 7 In Greenland, people don't work in winter.
- 8 There aren't many roads in Greenland.
- 9 In Greenland in October it's light all the time.

Task 4. Read the text once again. Write the Arctic or the Antarctic.

Example: It's at the South Pole. *the Antarctic* 

- 1 Scientists sometimes live here in stations.
- 2 No land animals live here.
- 3 People live here all the time.
- 4 There are more plants here.
- 5 In December it's dark for 24 hours a day.
- 6 There aren't any towns or villages here.

Task 5. Translate into Russian. You have got 30 minutes. Use a dictionary.

#### **David swims the Cook Strait**

David Johnson has loved swimming all his life. When he was 27, he swam in a race near the home in the USA. The sea was very cold and David started to feel unwell. He was taken to hospital but he soon got better and started swimming again. In 1983, he became the first person to swim from Santa Cruz Island to the Californian Coast.

In January 2004, at the age of 52, David crossed New Zealand's Cook Strait in 9 hours and 38 minutes. The oldest swimmer before David was only 42 years old. David spent over a year getting ready to swim the Strait. Then, he and his wife flew to New Zealand so that David could practise for a few weeks there. But only days after they arrived, the weather improved so David decided to start his swim. He did it with the help of a team. "They were great," David said. "They were in a boat next to me all the time! After a few hours, I thought about stopping but I didn't and went on swimming."

Afterwards, David and his wife travelled around New Zealand before returning to the USA.

You can enjoy the rich flavor and delightful aroma of freshly ground coffee beans without having to spend extra money on a coffee grinder simply by using your blender.

Step 1 - Set Up Your Blender

Put your blender on a flat surface on the counter and plug it in. The flat surface is really important so the blender's vibrations do not cause other things to fall off the counter.

Step 2 - Decide how Finely You Need to Grind the Beans

Different kinds of coffee makers require different beans. Medium ground beans work best for a Drip maker. This means that when you pour the ground coffee into your hand, some will stick together, while most will fall away. Espresso Machines tend to do best with medium-fine grounds. In this case most will stick together, but individual grounds can be easily seen. French Press Makers require a more coarse texture so that the grinds do not stick together at all.

Step 3 - Pour Your Coffee Beans into the Blender And Grind Away

Start with a small amount of beans in the blender until you can figure out exactly how much ground coffee your beans will yield. As you have more experience, you will be better able to determine the right amount of coffee beans to put into your blender, but typically, a handful of beans should yield one to two tablespoons of ground coffee

Вы можете наслаждаться богатым вкусом и восхитительным ароматом свежемолотых кофейных 100 зерен, не тратя лишних денег на кофемолку, просто используя блендер.

## Шаг 1 — Настройте свой блендер

Положите блендер на плоскую поверхность на столе и подключите его к сети. Плоская поверхность очень важна, чтобы вибрации блендера не приводили к падению других предметов со стола.

Шаг 2. Решите, насколько мелко вам нужно измельчить бобы.

Для разных кофеварок требуются разные зерна. Зерна среднего помола лучше всего подходят для кофеварок капельного типа. Это означает, что, когда вы насыпаете молотый кофе себе в руку, некоторые из них слипаются, а большая часть отваливается. Эспрессо-машины, как правило, лучше всего работают с зерном среднего помола. В этом случае большинство из них слипнутся, но отдельные частички легко просматриваются. Кофеварки типа френч-пресс требуют более грубой текстуры, чтобы помол не слипался.

Шаг 3. Насыпьте кофейные зерна в блендер и измельчите

Начните с небольшого количества зерен в блендере, пока не сможете точно определить, сколько молотого кофе получится. По мере того, как у вас будет больше опыта, вы сможете лучше определить, сколько кофейных зерен нужно положить в блендер, но, как правило, горсть зерен должна давать от одной до двух столовых ложек молотого кофе.

Pam So, what do you think about Mark? Do you think we should give him the job?

Bob Mmm. I don't know. If he weren't as young as he is, I'd definitely give him a chance, but I don't think he has enough experience.

Pam Neither do I. Although he'd probably be good at it, we need someone who's older.

2

Bob I thought Gemma was someone who has some experience of the job. And she was very open and got on with verybody.

Pam Well, yes, she had great personal qualities, but she hasn't finished her university course or passed any exams yet. I think we should find somebody who's actually finished university.

3

Pam So, do you think Luke is better than the others?

Bob Well, he's older. He used to work for a major company in Italy, but he left that job five years ago and he hasn't worked since. I don't think he's very good and perhaps he'll get bored quickly. I think we need someone who has more recent experience of this sort of job.

4

Bob David might be the person we're looking for. In this job you have to spend a lot of time managing other people and he's good at that.

Pam Well, yes, I agree, although I don't think David's very good at solving problems and, in this job, that's as important as being able to manage.

5

Pam Shall we give the job to Susie, then? She won't be the most experienced person we've ever employed, but she'll work harder than most, that's for sure.

Bob Mmm. But I think we need someone who is more intelligent than Susie. I don't think she's bright enough.

## Part 3 Questions 11–20

Look at the sentences about an English city.

Read the text to decide if each sentence is correct or incorrect.

If it is correct, mark A on your answer sheet.

- 19. 'The Castle Mall' took more than two years to build.
- 20. Norwich people still like using the old market as well as shopping in 'The Castle Mall'.

#### **Norwich**

Norwich, the capital of the part of Britain known as East Anglia, has existed as a place to live for more than two thousand years. It began as a small village beside the River Wensum. At the time of the Norman invasion in 1066 it had grown to become one of the largest towns in England.

With two cathedrals and a mosque, Norwich has long been a popular centre for various religions. The first cathedral was built in 1095 and has recently celebrated its 900 th anniversary, while Norwich itself had a year of celebration in 1994 to mark the 800 th anniversary of the city receiving a Royal Charter. This allowed it to be called a city and to govern itself independently.

Today, in comparison with places like London or Manchester, Norwich is quite small, with a population of around 150,000, but in the 16 th century Norwich was the second city of England. It continued to grow for the next 300 years and got richer and richer, becoming famous for having as many churches as there are weeks in the year and as many pubs as there are days in the year.

Nowadays, there are far fewer churches and pubs, but in 1964 the University of East Anglia was built in Norwich. With its fast-growing student population and its success as a modern commercial centre (Norwich is the biggest centre for insurance services outside London), the city now has a wide choice of

104

entertainment: theatres, cinemas, nightclubs, busy cafés, excellent restaurants, and a number of arts and leisure centres. There is also a football team, whose colours are green and yellow. The team is known as 'The Canaries', though nobody can be sure why.

Now the city's attractions include another important development, a modern shopping centre called 'The Castle Mall'. The people of Norwich lived with a very large hole in the middle of their city for over two years, as builders dug up the main car park. Lorries moved nearly a million tons of earth so that the roof of the Mall could become a city centre park, with attractive water pools and hundreds of trees. But the local people are really pleased that the old open market remains, right in the heart of the city and next to the new development. Both areas continue to do good business, proving that Norwich has managed to mix the best of the old and the new.

#### **How to Grind Flaxseed**

There are several ways of grinding flaxseeds into powder to get the full health benefit. These include the use of a blender or food processor, a coffee grinder, or manual methods like mortar and pestle.

Each of these ways comes with its uniqueness to grind flax seeds to a powder. This article answers the question by reviewing the best ways to grind flaxseeds.

Can You Grind Flaxseeds in A Blender?

Blenders or food processor is a common kitchen appliance to grind. If you want to grind flaxseeds in a blender or food processor, you will need to add at least a cup of flaxseed into the blender or food processor for it to work properly.

This method takes several minutes as you need to regulate the speed of your blender or food processor, 105 stop, shake, and blend again until your flaxseed is ground to your desired consistency.

Using a blender or food processor to grind flaxseed is time-consuming as you have to continue regulating the speed, and grind again to achieve your result.

While using a blender or food processor, care needs to be taken to prevent the flax seeds from turning into paste due to the high quantity of oil present in them.

#### Как измельчить льняное семя

Есть несколько способов измельчения семян льна в порошок, чтобы получить максимальную пользу для здоровья. К ним относятся использование блендера или кухонного комбайна, кофемолки или ручные методы, такие как ступка и пестик.

Каждый из этих способов имеет свои уникальные особенности измельчения семян льна в порошок. Эта статья отвечает на вопрос, рассматривая лучшие способы измельчения семян льна.

Можно ли измельчить семена льна в блендере?

Блендер или кухонный комбайн — это обычный кухонный прибор для измельчения. Если вы хотите измельчить льняное семя в блендере или кухонном комбайне, вам нужно будет добавить в блендер или кухонный комбайн как минимум чашку льняного семени, чтобы он работал правильно.

Этот метод занимает несколько минут, так как вам нужно отрегулировать скорость блендера или кухонного комбайна, остановить, встряхнуть и снова смешать, пока льняное семя не будет измельчено до желаемой консистенции.

Использование блендера или кухонного комбайна для измельчения льняного семени отнимает много времени, так как вам нужно продолжать регулировать скорость и снова измельчать, чтобы добиться желаемого результата.

При использовании блендера или кухонного комбайна необходимо соблюдать осторожность, чтобы семена льна не превратились в пасту из-за большого количества присутствующего в них масла.

#### Dear Ann.

Thank you for asking to come and visit you and your family next month. It is a great idea.

I'm really interested in visiting new places. I like museums and old churches very much. I also like visiting art galleries - there are so many fascinating things to see there. I know there is one in your town. Can we visit it? You say that there isn't a sport center in your town but is there a swimming pool? I enjoy swimming a lot and I love diving. Is there also a place to eat fish and chips? Fish and chip shops are great!

The only problem is that I don't know what to take with me: warm shoes, a jumper, boots? What's the weather like in your area? In my town it rains a lot and that's why I always carry an umbrella with me. And what about other things? For example, a camera?

Please send me a leaflet about your town and a street map.

One last question - how old is your sister, Gina? I want to bring her a present. Would she like the new Celine Dion CD?

See you soon!

#### WORKING FOR AN AIRLINE

Nicola Peet left school at eighteen, went to college and then worked at a local airport. After nine months, she went to work for Saudi Arabian Airlines and then she joined British Airways as an air hostess. Four years later, she got her present job as a manager.

This is what she told us about her job:

"My office is at Heathrow Airport, but I spend 60 % of my time in the air. I teach air hostesses and help them with any problems. I also go to lots of meetings.

My hours are usually from 8 a.m. to 4 p.m. but sometimes I work from 1 p.m. to 9 p.m. At work, the first thing I do is check plane times on my computer and then I speak with some of the air hostesses. Sometimes I go on long flights to check how the air hostesses are doing. That's my favourite part of the job, but I like office work, too. Travelling can be hard work. When I get back from a long journey, all I can do is eat something and then go to bed! I don't earn much money, but I'm happy with British Airways and want to stay there and continue to travel."

#### EpocCam Alternatives

If you're not satisfied with EpocCam, there are a few other apps that allow you to use your iPhone as a webcam.

#### 1. iCam

iCam is a paid app that can turn an iPhone into a webcam. The mobile app is just one part of the equation; like EpocCam, you'll also need the iCamSource component on your computer. Once you have both apps installed, you can stream live video and audio from any iOS device.

iCam also works as a security camera; it can send you instant alerts if it detects motion or sound. All motion events are automatically backed up to the cloud. In addition to the original iCam, the company also offers iCam Pro with some additional features.

# 2. iVCam

iVCam is specifically designed for iPhone owners who have a Windows PC---you cannot use iVCam to stream your iPhone's video output to a Mac.

The app works via WLAN or USB and allows you to connect multiple phones to one computer at the same time. You can stream video in 1080p, 720p, 480p, or 360p resolution. This multi-connection aspect means the software is ideal for anyone who wants to use their old iPhone as a CCTV device, a baby monitor, or a pet cam.

# Sample answer

Альтернативы ЭпокКэм (ЕросСат)

Если вас не устраивает ЕросСаm, есть несколько других приложений, позволяющих использовать iPhone в качестве веб-камеры.

# айкам (iCam)

iCam — это платное приложение, которое может превратить iPhone в веб-камеру. Мобильное приложение — это только одна часть уравнения; как и в случае с ЕросСаm, вам также понадобится компонент iCamSource на вашем компьютере. После установки обоих приложений вы можете транслировать живое видео и аудио с любого устройства iOS.

iCam также работает как камера безопасности; оно может отправлять вам мгновенные оповещения, если обнаруживает движение или звук. Все движения автоматически сохраняются в облаке. Помимо оригинального iCam, компания также предлагает iCam Pro с некоторыми дополнительными функциями.

#### 2. айвикам (iVCam)

iVCam специально разработан для владельцев iPhone, у которых есть ПК с Windows — вы не можете использовать iVCam для потоковой передачи видео с вашего iPhone на Mac.

Приложение работает через WLAN или USB и позволяет одновременно подключать несколько телефонов к одному компьютеру. Вы можете транслировать видео в разрешении 1080р, 720р, 480р или 360р. Этот аспект множественного подключения означает, что программное обеспечение идеально подходит для всех, кто хочет использовать свой старый iPhone в качестве устройства видеонаблюдения, радионяни или камеры для домашних животных.

#### THE ICEHOTEL

For many years the Arctic was a popular destination in the summer season to see the land of the midnight sun but in winter the few inhabitants had the snow and ice to themselves. By the end of the 1980s it was decided that the dark and cold winter should be seen as an advantage. In the winter of 1990, the French artist Jannot Derit was invited to have the opening of an exhibition in a specially built igloo (a building made of snow) in the little town of Jukkasjarvi on the frozen Torne River. The building, named Arctic Hall, attracted many interested visitors to the area. One night a group of foreign guests decided it would be a good idea to sleep in the Arctic Hall. The

following morning the brave group were very pleased with their experience and the idea of an ice hotel was born. Today it is world famous.

As soon as winter begins, a team of snow builders, architects and artists from all over the world come to Jukkasjarvi and they make the hotel for that year. As one part is completed, it opens to visitors and overnight guests, while the other parts are still being built. The first part is completed in December and each week after that a new part opens, until January 7th when the hotel is completed. As the ICEHOTEL is built under the open sky, using the natural materials of the winter season, the finishing date depends on nature and therefore there are sometimes changes to the plan. In the spring, as the weather gets warmer, the hotel melts. Inside the hotel, the temperature is never colder than -5 °C to -8 °C, however cold it may be outside. Winter 118 outer clothes such as warm overalls, hats and gloves are included in the cost of guests' stay at the hotel. In

addition to this, it is a good idea for guests to bring sweaters and a scarf as well as plenty of woolen socks and to choose footwear that is larger than normal to allow space for thick socks.

If you are planning to come to the hotel, you can buy warm sweaters, woolen socks and much more on the ICEHOTEL website. You can order these and the equipment you will need at the same time as you book your visit. The items will be delivered to your room when you check in. The hotel is in the village of Jukkasjarvi, 200 km above the Arctic Circle but only 15 km from Kiruna airport and 17 km from Kiruna train station. Transport by bus can be arranged from the airport or train station to the IceHotel.

I was given 15 minutes to take pictures, but the weather was not good for taking photographs. However, I had a chance to enjoy the view of St. Basil's Cathedral which is, perhaps, the most Russian of all outstanding monuments of architecture. It was built in 1555-1560 by the architects Barma and Postnik to commemorate the victories that the troops of Ivan IV (the Terrible) had won in the battles against the Khanates of Kazan and Astrakhan.

From St. Basil's Cathedral my aunt and me crossed the Moskvoretsky Bridge to the other bank of the Moskva River to enjoy the magnificent view of the palaces and cathedrals forming an ensemble of gold and silver domes crowned with imposing crosses.

In the past Moscow \_\_\_\_\_ (BUILD UP) in rings around the Kremlin from which roads radiated out. The Bulvarnoye Ring and Sadovoye Ring have survived from days of old.

In Moscow there is a great number of parks and gardens, and a forest park belt around Moscow is carefully protected.

The Moskva River flows in big loops across the huge city. It is so clean that a lot of fish is caught in it and bathing in it is no risk to health.

We continued our tour along the bank of the Moskva River. We passed imposing palaces, old mansions and beautiful gardens. It was Saturday and we saw many newly-wed couples. The wedding cars were decked with ribbons and balloons of different colours.

That day we went to the Central Exhibition Hall and Kalinin Prospekt with its beautiful buildings. I saw the Bolshoi Theatre that is more than 200 years old.

It was a long tour and there was something special about it. Since then I like Moscow, the heart of Russia.

Заполните пропуск полученным словом. Breaking the ice The new girl in your group seems very interesting and you would like \_\_\_\_\_ (GET) to know her better. The guy at the skate park does some amazing tricks and you would like him to show you how. But, whenever the opportunity to talk to them \_\_\_\_\_ (COME UP), you can't think of anything to say. Your palms sweat, you blush, and you look away. You often need to break the ice in order to start a friendly conversation. Breaking the ice means saying or doing something to stop feeling shy or uncomfortable around someone you don't know very well. The reason you feel this way is that you don't know how the other person will react, but don't let it get you down. You shouldn't worry. Almost everyone feels uncomfortable when they first meet. If you feel this way, the following tips can help you out. Smile: When you smile, people think you are friendly and easy to talk to. They are also very likely to smile back and help you feel more comfortable about starting a conversation. Develop passions: The best way to have interesting conversations is to be an interesting person! Get involved in activities and talk about them. Make sure you have something to add to a conversation. Be positive: Everybody likes to be around happy people. Try to always look on the bright side of life and to see something positive even in negative situations. People will enjoy your positive energy and benefit from it. Also, be confident. If you like \_\_\_\_\_ (YOU), others will probably like you too. Be a good listener: Develop listening skills. Don't take over the conversation and don't only speak about yourself. Ask other people questions about \_\_\_\_\_ (THEY) too. This way they'll know you're interested in Get out there: Don't avoid being around new people just because you feel uncomfortable. If you stay in a situation, you'll get used to it. It's not easy, but it's worth it. After all, the other person may want to talk to you as well - but be too shy to break the ice! And what about business? Business communication is many-sided \_\_\_\_\_(ACTIVITY). It

(INCLUDE) speaking with people on formal and informal occasions, making and receiv-

ing telephone calls, speaking in public and communicating face-to-face. It demands from a business-man different skills: efficiency and competence, patience, ability to find a compromise when the talks are in a deadlock.

Opinions differ in what way to begin business talks: to come straight to the point and not to beat about the bush or to introduce the elements of small talk into your negotiations (which means that first you speak about things not connected with business). It's up to you to decide what to choose. Of course, you should take into account the present situation.

We can find a lot of recommendations how to communicate in business.

# Let as sum what is advised by authoritative sources:

- 1. Before you start negotiations plan your steps of \_\_\_\_\_ (REACH) agreement in advance. Of course, it may be necessary to change your plan, to adapt it to the situation.
- 2. Try to analyze all the stages of your talks. You should point out the major items and the minor items. It is up to you to decide what to begin with.
- 3. Be patient and persistent. If the other side \_\_\_\_\_ (TRY) to distract your attention, don't be easily mislead. Always bear in mind your aims; follow the items of the agenda if there is one.
- 4. Be polite and listen to your partners attentively. Remember the proverb: first think then speak.

Москва впервые упоминается в летописях в 1147 году. Ее сердцем был Кремль, что в переводе на русский означает «крепость» или «цитадель». Кремль стоял на холме, защищенном Москвой-рекой, рекой Неглинкой и рвом. Первоначальные стены и башни Кремля были из дуба, позже их заменили стены из белого камня, и Москву стали называть Белокаменным городом.

Спасская башня на Красной площади имеет ворота, через которые в Кремль въезжают автомобили. На этой башне установлены часы - Кремлевские куранты с четырьмя шестиметровыми циферблатами.

Красная площадь днем выглядела даже красивее, чем ночью, и была очень оживленной. На площади стояли десятки автобусов с туристами, много иностранцев и россиян. Всем было интересно.

Стоит посмотреть архитектуру Выборга. Гуляя по Выборгу, не чувствуешь себя в России. Этот город отличается от других российских городов. Выборг больше напоминает Северную Европу. Здесь много исторических памятников, но есть и замечательная архитектура 20 века. В городе прослеживается единообразный стиль. Все здания по-своему красивы, но многие из них имеют и общие черты. Однако на некоторые фасады повлияли время и погода. Всем гостям нравится гулять по центру Выборга. Улицы здесь поднимаются и спускаются по множеству небольших холмов, поэтому город кажется маленьким и загадочным. Никогда не знаешь, что по ту сторону холма. «Белые ночи» здесь невероятные. Весь период с середины мая до конца июля небо почти все время светлое, и заснуть этой ночью будет непросто.

Деловое общение - это многосторонняя деятельность. Оно включает в себя общение с людьми по формальным и неформальным поводам, совершение и прием телефонных звонков, публичные выступления и личное общение.

Это требует от предпринимателя разных навыков: продуктивности\эффективности и компетентности, терпения, умения находить компромисс, когда переговоры зашли в тупик.

Мнения расходятся по поводу того, с чего начинать деловые переговоры: перейти прямо к делу и не ходить вокруг да около или ввести в переговоры элементы светской беседы (что означает, что сначала вы говорите о вещах, не связанных с бизнесом - семье, политике, спорте и т. д.). Что выбрать - решать вам. Конечно, вы должны учитывать нынешнюю ситуацию.

Мы можем найти множество рекомендаций, как общаться в бизнесе. Суммируем то, что советуют авторитетные источники.
